Product Specification Diisotridecyladipate

CAS No. : 26401-35-4

Chemical name :	Diisotridecyladipate
chemical name :	adipic acid triiso decyl ester, hexanedioic acid trisodecylester
Appearance :	colourless liquid
:	hydroxyl value: max 5 mg KOH/g
other :	acid value: max 0,1 mg KOH/g
Moisture :	max 0,1 %
Density :	0,90-0,92
Packing :	drums, IBC

Einecs : 247-660-8

CAS No. : 26401-35-4

WGK : awg

Other : kin. viscosity@ 40 °C: 23 - 29 mm²/s,
iodine value: max 1 g I₂/100 g

Synonym : Diisotridecyladipat, Isotridecylalkohol - adipinsäure ester

General informations : Insoluble in water

Melting range < -50 °C

Flash point > 210 °C

Diisotridecyladipate is an ester of adipic acid and isotridecyl alcohol.

Simplify your processes too: Let us mix diisotridecyladipate for you with other components according to your formulations and fill it into containers specified by you.

Benefit from the combination of expert knowledge, services and solutions of SysKem Chemie's partners in handling di iso tridecyl adipate , so that you achieve the greatest advantages with the products and services from us.

In order to guarantee a short-term and secure supply of diisotridecyladipate, we have agreed on minimum quantities with our customers, which we then keep in stock.

We are happy to do the same for you

Application : Diisotridecyladipate is used by SysKem Chemie in its own and customer-specific formulations for the chemical industry.

These are formulations for lubricants, cleaners, crop protection agents, defoamers and other products.

To simplify the number of delivery operations for our customers, we often deliver diisotridecyladipate combined with other raw materials , such as dodecanedioic acid or dodecylbenzenesulfonic acid.

Hazard Statements :

Diisotridecyladipate is not classified as a hazardous material.

For detailed information on the hazards of diisotridecyladipate, precautions for proper use, correct handling in case of spillage or other release into the environment, and to ensure proper disposal, please refer to the Material Safety Data Sheet.

Product categories :

ester,
