Synonym : Private Label Produktion, Abfüllung und Logistik für Schmierstoffe, Eigenmarken-Herstellung von Schmierstoffen

General informations : Our service covers the entire value chain for your own brand of lubricants. From the production process to filling and logistics, we offer a comprehensive service. We produce high-quality lubricants according to your individual requirements and specifications. In doing so, we ensure the highest quality and efficiency. After production, we handle filling into the packaging you require, such as cans or drums.

Application : Our process is designed to be simple and transparent. You provide us with your specific requirements, and we implement them. In doing so, you benefit from our expertise in the manufacture of lubricants as well as our efficient logistics. You can fully concentrate on your core business while we take care of the production, filling, and delivery of your products.

Hazard Statements : Lubricants may be classified as dangerous goods depending on their composition. We place the highest value on the safe and legally compliant handling of these substances. In our production, all necessary safety measures are taken to ensure safe handling of the lubricants. During packaging and transport, we ensure proper labeling in accordance with the applicable dangerous goods regulations.
