General informations :

Our service covers the entire value chain of cleaning product production - from manufacturing and filling to logistics. With our white label solution, you can launch your own range of cleaning products on the market without having to worry about the complex production processes. We ensure that your product is manufactured to the highest quality and safely packaged. In addition, we also handle logistics, ensuring that your products arrive on time at the customer's premises or in retail.

Application :

As our customer, you present us with your product requirements and design preferences, and we implement them professionally. You benefit from our many years of experience in the manufacturing of cleaning products and can focus on your core business. We offer you a full-service solution—from product development and production to delivery to your customers. You always have the opportunity to oversee the process and make adjustments.

Hazard Statements :

The small quantities are labeled according to the CLP hazard statements and provided with the corresponding hazard symbols. The shipping documents are prepared in accordance with ADR regulations to ensure safe transport.
