Product Specification contract manufacturing of detergents

Chemical name :	contract manufacturing of detergents
chemical name :	blending of liquids according to customers receipts
Einecs :	Gemisch
Synonym :	Mischung, Lohnfertigung,
General informations :	We blend liquid products for you on a water-based or water-miscible basis on a contract basis and fill them reliably according to your specifications and in compliance with specified net weights into IBCs, canisters, or other containers. In addition, we offer labeling and order picking, including palletizing.

Application :

The mixing is carried out manually or via our automatic mixing system.

An addition of additives or emulsification with components specified by you can be carried out, by arrangement, before or during the mixing process in accordance with your specifications. The labels can be created by us according to your specifications.

Hazard Statements :

Unfortunately, we can only mix hazardous materials or strongly odorous liquids to a limited extent. Before we can accept the order, we require a safety data sheet for the raw materials to be used. If such an SDS is not available, our hazardous materials officer can support you in preparing the safety data sheets.

Product categories :

SERVICES, tolling manufacturing
