Product Specification filling liquids in bottles

Chemical name :	filling liquids in bottles
chemical name :	contract repacking of liquids from IBC into small bottles
filling from :	tank truck, IBC, drums or production tanks
repacking to :	bottles 0,25 - 1,0 liter
Synonym :	Abfüllung, Lohnabfüllung, Kommissionierung, Verpackungsänderung
General informations :	We fill liquid products for you on a contract basis from tankers, IBCs, or drums according to your specifications. Of course, we comply with specified net weights. In addition, we offer labeling and order picking, including palletizing.

Application :	Filling is carried out manually or via our automatic filling system. Labels can be supplied by you or produced by us according to your specifications. Billing is based on quantity, unit of measure, or as agreed.
Hazard Statements :	Before filling, we require a safety data sheet for the products to be filled. If such an SDS is not available, a dangerous goods officer can assist you in preparing the safety data sheets. We would be happy to provide you with a contact for this.
Product categories :	SERVICES, repacking services
