Product Specification filling of liquids into drums

Chemical name :	filling of liquids into drums
chemical name :	repacking of liquid chemicals
Appearance :	colourless to yellowish liquid
filling from :	tank truck, IBC, drums or production tanks
repacking to :	drums
Packing :	drums
Synonym :	Abfüllung, Lohnabfüllung, Kommissionierung, Verpackungsänderung
General informations :	We fill liquid products for you on a contract basis from tanker trucks, IBCs, or drums according to your specifications. Of course, we comply with the specified net weights. In addition, we offer labeling and order picking, including palletizing.

Application : Filling is carried out using automatic filling systems, but can also be done manually if required. Labels can be supplied by you or produced by us according to your specifications. Billing is based on quantity, unit of measure, or as agreed.

Hazard Statements : Before filling, we require a safety data sheet for the products to be filled. If such an SDS is not available, a dangerous goods officer can assist you in preparing the safety data sheets. We would be happy to provide you with a contact for this.

Product categories : SERVICES, repacking services
