Product Specification refilling of liquids in small packaging

Chemical name :	refilling of liquids in small packaging
chemical name :	contract repacking of liquids from Drums/IBC into small packing 5-100 ml
filling from :	tank truck, IBC, drums or production tanks
repacking to :	small bottles, small drums, other packaging
Synonym :	Lohnabfüllung Kleingebinde, Musterabfüllung
General informations :	We fill liquid products on your behalf from tankers, IBCs or drums according to your specifications. Of course, we comply with the specified net weights. In addition, we offer labeling and order picking, including palletizing.

Application : Filling is carried out using automatic filling systems, but can also be done manually if required. Labels can be supplied by you or produced by us according to your specifications. Billing is based on the number of units, quantity unit, or as agreed.

Hazard Statements : Before filling, we require a safety data sheet for the products to be filled. If such an SDS is not available, a dangerous goods officer can support you in preparing the safety data sheets. We would be happy to provide you with a contact for this.

Product categories : SERVICES, repacking services
